DESCRIPTION

Pair of surface-mount loudspeakers with 100 V line transformer and low impedance. The ELIPSE range is specially designed for PA and surround sound applications. The speakers feature excellent finish, elegant design, high power capacity and durability. They include a wall mount that can be swivelled in all directions for easy installation. Prepared for outdoor use, water protection and anti-corrosion materials. They are a great solution for installations in public places such as restaurants, cafés, supermarkets, shopping centres, etc.
