DESCRIPTION

Low impedance loudspeaker. Based on our extensive experience in the sound sector, FONESTAR has created SONORA. SONORA is a series of loudspeakers especially designed for PA and background sound applications. Its excellent finish and elegant design allow perfect integration in any space. In addition, SONORA delivers high sound quality with clear, distortion-free sound. They include all the necessary accessories for quick and easy installation: swivel mount and screws. For public address and ambient sound applications in public places such as restaurants, cafés, supermarkets, shopping centres, etc.

TECHNICAL CHARACTERISTICS
