MALIBU-110L

10" PORTABLE SPEAKER.

- ✓ Great power and sound quality.
- ✓ UHF hand-held wireless microphone.
- ✓ With multiple playback options
- ✓ Robust construction, easy transport with trolley
- ✓ Long-life rechargeable battery.

ESPECIALLY RECOMMENDED IN:

Hospitality

Sports facilities

Education

DESCRIPTION

Portable loudspeaker High power and sound quality provided by its high-efficiency Class D amplifier. It integrates all the necessary elements for a live performance or talk: 1 UHF wireless microphone, 1 microphone input, 1 auxiliary, USB/USB/MP3 player, mixer, echo function and tone control, speaker and amplifier. Its trolley transport cart and long-lasting rechargeable battery make it very versatile and adaptable to multiple uses. It is very transport resistant thanks to its robust injection construction. Audio inputs with industry audio standard connectors: XLR and RCA. Includes remote for remote control. Its simple and intuitive use minimizes setup time depending on the use. For outdoor activities, group classes, small parties, events and travelling shows.
