All sectors

DESCRIPTION

Hi-Fi belt drive turntable The excellence of analogue vinyl sound, with a careful design that blends into any space and furniture. Recover your precious vinyl collection and enjoy the unique vinyl feel with all its warmth and softness, and integrate it into your Hi-Fi audio system. Its highly accurate DC servo engine with fast start and stop provides constant playback speed without large fluctuations, and its analogue pitch setting allows you to select the playback speed you want at any time. It has a straight arm with anti-skating control to prevent needle jumping and an adjustable counterweight from 0 to 4 g. Elegant aluminium turntable with carpet. It incorporates a transparent dust cover to keep the equipment protected, which can be removed at any time. Solid construction in MDF wood coated in black PVC. Incorporates capsule and magnetic needle. For home use on Hi-Fi equipment.
